To whom it may concern,

The Madison Community Improvement Corporation has been fortunate to help sponsor and support the Unionville Old Tavern Preservation Society. We have been actively involved with this organization since the spring of 2012.

Our involvement with this group started with a vote of support by the MCIC. We were initial encouraged by the spark and enthusiasm they have to save this historic icon. Recently we have partnered with the society to act as their fiscal agent. This means they are now recognized as a not-for-profit organization therefore enabling them to use our 501C3 status with the Internal Revenue Service to actively solicit and secure charitable gifts. We feel this is a nature partnership as both groups are dedicated to preserving and enhancing the Madison Community.

We are constantly impressed with the focus and drive of the Old Tavern Preservation Society. They are out in the community at every possible event to help bring interest in the preservation of the Tavern. They truly want to make this treasurer what it was so many years ago, a place the residents of our community can be proud of and once again serve as an economic catalyst to the eastern part of Lake County. We are proud of their efforts and will continue to work with them to see this dream become reality.

Sincerely,

Trevor N. Behm
President
